

Granite Hills Golf Course opened its doors for business on August 11, 2007. After many years of planning, hard work, a few changes of ownership, the current owners have seen the spectacular results. Since opening day the reviews have been more than favorable. Words to describe the course used by golfers are, “awesome, fabulous, incredible scenery, phenomenal etc. To quote Ted Wyman of the Winnipeg Sun, “the masterful creation becomes Granite Hills, Manitoba’s newest – and certainly most exciting – golf course.”

With the first 2 months of operation behind us, we find ourselves eagerly anticipating the 2008 golf season. Operating with some challenges, a BBQ Hut as a pro shop, no restaurant facility, my staff has done a great job of accommodating to the golfers’ needs. Golfers have in turn, been very patient with the ongoing construction of the facilities. Thank you all.

The 2008 golf season will see Granite Hills operating with a licensed, 1500 sq. ft. clubhouse, a covered tournament deck and a full service BBQ Hut. We will offer memberships, corporate packages, tournament rates, men’s & ladies leagues and tournaments. We will also be offering spring and fall cottager rates from opening to May 31, and Sept 1 to closing.

The Manitoba Golf Association have completed the slope rating for the course and you will find these under our scorecard page.

I would like to commend our greens superintendent, Jeremy Sokal & his maintenance crew for the endless hours of work in preparing the course for opening day. An unfortunate wind storm in late July destroyed many trees on the course and added to the work load, but with some volunteer help & many clean up hours, we were able to open on schedule.

I am pleased to see many golf pros come out to play the course. The course lends itself well to the championship caliber that they bring to this course, and still is friendly enough for the average golfer.

Congratulations to the shareholders who have persisted in creating this property into what will be the best course in Manitoba. I am proud to have been a part of this Grand Opening.

To all golfers, have a warm and short winter and looking forward to seeing you on the course in 2008.

Ada Vandersteen  
Club Manager
